

Where Happiness Lives

Make a mouse finger puppet!

1. Cut around the mouse shapes.

3. Roll the body parts into a ring and glue. Make the ring size big enough for your finger to fit snugly through.

4. Roll up the small piece of paper into a ring to fit your finger tip. Again, it shouldn't be a tight fit. Glue the ring inside the bottom of each mouse's head.

5. Adjust the fit for your finger if needed.

That's it!

Cut these strips out for the finger rings!
