A magnificently illustrated story of hope, resilience and teamwork.

The Nutcracker

Patricia Hegarty & Imogen Joy

When two children are gifted a magical thing:
The wooden toy soldier is met with delight,
But soon it becomes the cause of a fight . . .*

The classic tale of The Nutcracker is retold in this beautiful, layered pop-up book. The story takes us on an adventure as the nutcracker toy comes to life and takes Clara on a journey through pine forests, beautiful gardens and a Kingdom of Sweets. Children will love spotting all the characters, from King Rat to the Sugar Plum Fairy.

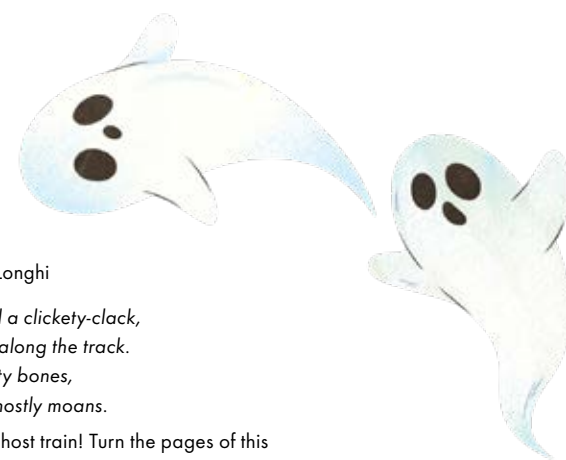

Halloween Journey

Patricia Hegarty & Katya Longhi

As the ghost train clatters along the track.
Skeletons rattle their rickety bones,
And the air is filled with ghostly moans.*

Hop aboard the spooky ghost train! Turn the pages of this fantastic, layered book to discover a range of Halloween scenes from haunted houses to witch's shacks. Children will love discovering the spooky skeletons and ghostly ghouls hidden among the intricate illustrations.

Volume I

The five Kindoms of Kinisle each holds its own unique power in the balance of our world. We all belong to one of these ancient Kindoms. When we turn ten, we Meet our Familiar, bearing a Mark that reveals which Kindom we belong to, and we fit into our Kindom perfectly and feel wonderful and happy and good forever and ever and always.

Unless you're me, that is.

This is the historical record of how I, Glam, FINALLY met my Familiar, Beardy, and how we learned that NOTHING about our world is as it seems . . . (And that parkour and dandelions are ALWAYS the answer – Beardy said it was very important that I add that!)

Publication: APRIL
ISBN: 9781788958127
ePub: 9781788958592

Volume II

After I (Beardy) and my best friend Glam were nearly blasted by someone from the (supposedly) destroyed Fire Kindom, we have questions.

- Is Fire Kindom really still out there? What are they planning? Is it nice?

- If I have Ice power, are we from the extinct and also evil Ice Kindom?

- If we are from Ice Kindom, why don't I have an Ice Mark? And why haven't I been able to use my power again despite trying really really hard??

- Is there something wrong with me??!!

This is the historical record DIARY of how Glam and I went on an adventure to the secret and deadly Fire Kindom, to stop their evil plans. (And to learn more about an ancient and intriguing civilization and the true history of our world – Glam's words, not mine!)

And Now We Run

Nicola Penfold

We're running now, along the spine of the world, and behind us, just below, half the land is sliding away to nowhere.

Jelly is NOT looking forward to the first school trip at her new school, since her best friend ditched her and is determined to make Jelly miserable. Lincoln however can't wait – he used to visit the hills with his brothers and he's excited to be back.

But what neither of them expected was for the extreme weather to cause the reservoirs to burst, and for the area to be flooded. Or to be left behind when the rest of their class is evacuated. As rain pours down and the water rises, Jelly and Lincoln have to put aside their fears to outrun the storm.

She's a Knockout

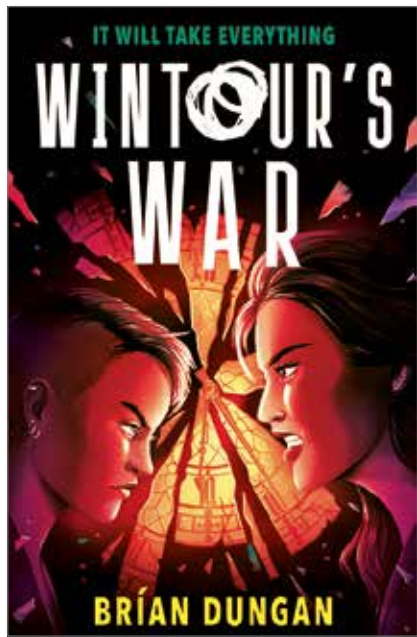

NEW

Britney Brouwer

Annie Armani's life changed with one knockout punch. She's not a scrappy nobody any longer – she's the Junior MMA Champion, the star of a new documentary, with a high-profile fight on the horizon and the chance of earning the kind of money her broken family desperately needs.

Secretly though, Annie's terrified. The punch was a fluke and she's still reeling from her brother Marc's recent death in a car crash. Now Annie has to contend with nosy producers, adoring fans and (worst of all) her feelings for her hot new sparring partner, Jake Duff, who has his own reasons for joining her team. With her future and her heart on the line, can Annie prove she's got what it takes to be a knockout sports star?

K. L. Kettle

Hal is living a fairy tale – almost. Thanks to tech genius Francis Knox and her company's pioneering work building the perfect World 2.0, the universe is available at a swipe, and Hal has everything she wants. (Except for her family, which fell apart after her dad's disappearance years ago.)

Except, perhaps, winning the notoriously competitive Knox Cup. That's a dream even World 2.0 can't fulfil, not when Hal doesn't have the funds to enter.

Then out of the blue Hal's guardian challenges her to prove herself, arranging for Hal to compete. It's an opportunity she can't waste. If she wins, she'll meet Francis Knox herself – then all of Hal's deepest, secret wishes might really come true. But as the competition progresses, Hal discovers decay hidden beneath the world's perfect veneer – and, as the cracks begin to grow, she is forced to make a choice about what it is she truly wants.

And while their reunion gets off to a tricky start, she and Juliet soon reconnect. Theo settles into her new life and makes friends, including the gorgeous, kind and funny fellow bisexual Otis. Theo is ready to go out and kiss as many girls as she can – if only she could stop thinking about the ridiculous, handsome man who gets her so completely . . .
